

# The DeltaVision® Difference

See the difference adding vision coverage can have.

## A brand you can trust. Quality, value and expertise.

By choosing both dental and vision plans, clients can find new ways to save money and protect the health of their employees, all with one carrier.

One carrier. One relationship. Real savings.

### Simplified benefits administration:

With one bill, one system and one place to update eligibility, clients will save time and reduce administration hassle. It's the same seamless experience in the Employer Services Portal that you and your clients already know from managing dental benefits with Delta Dental of Nebraska.

### The same great team you know and trust:

The same dedicated sales and service team will work with you and your clients. Our team understands you, your business and your clients, so you'll enjoy consistent support, fast responses and a partner who knows you.

## Nationwide network access – plus more.

DeltaVision® members enjoy access to thousands of in-network eye doctors, top optical retailers and popular brand-name options through our partnership with EyeMed. But we go further:

### A warm welcome:

New members will receive a welcome packet that includes member ID cards, a list of local in-network eye doctors, and a benefit summary.

### The Power of Vision Health™ Blog

Keep your eyes focused on your health. The Power of Vision Health™ blog is your resource for health and wellness information focused on the importance of vision care.
